

PAC MultiTek Elemental Analyzer 2018 - Singapore

PAC INSTRUMENTS ASIA PTE LTD

61 Science Park Road,
#03-09/10 The Galen
Singapore Science Park II
Singapore 117525

Course Description:

The 3-days PAC MultiTek[®] training course covers a variety of topics. You will receive presentations for theory and component identification, mixed with hands on training with an operational MultiTek. There will be clinics for maintenance on the various detectors and pyro-tube installation. Also covered will be the software for user interface, calibration, maintenance, and troubleshooting for common problems. Customized applications or specific peripheral combinations can also be accommodated upon request. You will also have access to the PAC applications and engineering teams for specific discussions and forums for your unique situations.

Course Part Number and Cost:

Part Number: 9-220-020

Cost: \$ 1,000 USD for each attendee

Who Should Attend?

New users or current operators who need a refresher to fill in knowledge gaps.

Course Materials:

PAC will provide the printed presentations materials and an instrument will be available for hands-on lab practices.
