

2023 PAC Antek ElemeNtS Training - Rotterdam

Dedicated Training to Improve Performance, Knowledge and Skills

PAC Training Program Rotterdam

The Antek product line offers a range of high-tech analyzers for petrochemical sample streams. Our products are user friendly and easy-to-use, although the technique is complex. To improve your skills, obtain the best results, and completely understand your analyzer, PAC offers a complete program of factory, customized and on-site trainings. These courses are designed to assist operators and lab engineers in their day-to-day operation of PAC systems by providing the optimal mix between theory, practice, and hands-on training. Training improves laboratory productivity and the accuracy of instrument results.

Antek ElemeNtS Course Description

The 2-day training course is designed for new and experienced users of PAC products. Class sizes are small keeping the course highly interactive and flexible.

The course consists of theoretical and practical sessions, including:
